

The diagram illustrates a hierarchical structure. At the top is a green circle with a dashed green border, labeled "g1 : RestGroup". Inside this circle is a solid yellow circle. Below the green circle are two rounded rectangular boxes, one on the left labeled "node0 : JavaSENode" and one on the right labeled "node1 : JavaSENode". Dashed green lines connect the yellow circle inside the green circle to the "a" in "JavaSENode" in both the left and right boxes.

g1 : RestGroup

node0 : JavaSENode

node1 : JavaSENode
